

COLONEL KEEPS
RAPPING TAFT

Roosevelt Talks to Large Audience at Columbus.

RIDICULES VARIOUS CLAIMS

Rough Rider insists Chief Executive is mistaken when he says success of his cause is assured—Declares Chicago Convention will not be controlled by fraud or force.

Columbus, O., May 18.—"President Taft's theory of constitutional government," said Colonel Roosevelt here, "is that it is a government administered by Messrs. Lorimer, Guggenheim, Barnes, Gallinger and their like, in defiance of the will of the people; that it is a government under which the people are defrauded of their rights by these men."

The former president said that Mr. Taft was mistaken in asserting that the success of the cause for which he stands now seems assured. The Chicago convention, he continued, "will not be controlled by fraud or force."

These statements were made by Colonel Roosevelt in his speech at Memorial hall. The building was stormed by a crowd of thousands, which filled it to its capacity and streamed out into the street. Before going to the hall Colonel Roosevelt made an address at Olentangy park. During the day he traveled across Southeastern Ohio.

Colonel Roosevelt began his address by saying he should receive the support of every Ohio Republican who wished to vote at the primaries for a progressive reason.

Reason for Entering Fight.

"I came into this fight," he said, "only because it had become evident that unless I did so there was not the slightest chance of any progressive winning the Republican nomination. The reactionaries recognize this clearly. As a matter of fact they are not primarily for Mr. Taft at all. Every Republican in Ohio who votes for any man except myself is strengthening the reactionary cause."

"Mr. Taft said he believed he would win the nomination because he believed the Chicago convention will be organized by the friends of constitutional government. I ask you to remember just who these 'friends of constitutional government' are upon whom Mr. Taft relies. They are his campaign manager, Mr. McKinley, Mr. Lorimer from Illinois, Mr. Penrose from Pennsylvania, Messrs. Guggenheim and Evans from Colorado, Mr. Gallinger from New Hampshire, Mr. Barnes from New York and Mr. Keating from Indiana. So I could go on indefinitely."

"When Mr. Taft says that the Chicago convention will be controlled by the friends of constitutional government he means that it will be controlled by men such as Messrs. Lorimer, Barnes and Penrose and by the delegates fraudulently seated from states like Washington, where they would be avowedly seated, not because they represent the people, but because they do not represent the people. Mr. Taft is mistaken. The Chicago convention will not be controlled by fraud and force in this manner. The attempt so to control it will be unsuccessful and if successful it would merely mean the ruin of the Republican party."

KING'S BODY LIES IN STATE

Silent Crowds Meet Funeral Cortege of Frederick VIII. at Copenhagen.

Copenhagen, May 18.—The body of the late King Frederick VIII. of Denmark reached the Danish capital and is now lying before the altar of the Old Castle church at Christiansborg. There it will remain until May 24, when it will be taken to Roskilde and interred in the tomb containing the bodies of most of the former Danish kings.

From Toldboden wharf in Copenhagen harbor, where the royal yacht Dannebrog landed the body, the coffin was borne by twelve officers to a hearse and conveyed through the streets lined with troops and filled with silent crowds to the church of Christiansborg castle. King Christian X. of Denmark and King Haakon of Norway, with other male members of the royal family, walked behind. The queen mother, the new queen and other women of the family followed in state carriages.

ALLEN GUILTY OF MURDER

Virginian Will Pay Penalty in the Electric Chair.

Wytheville, Va., May 18.—Floyd Allen, first of the Hillsville mountaineers tried for the Carroll county courthouse murders, was adjudged guilty here and will pay the penalty of his crime in the electric chair at Richmond.

Allen was charged specifically at this time with the murder of Commonwealth Attorney Foster, prosecutor in the Carroll county court at Hillsville last March when a former trial of Floyd Allen on a minor charge culminated in the killing of five persons—Presiding Judge Thornton L. Massie, Prosecutor William M. Foster, Sheriff L. F. Webb, Miss Elizabeth Ayres and Juror Augustus Fowler.

Hilles Issues Statement on Harvester Trust Probe.

SAYS ROOSEVELT STOPPED SUIT

President Taft's Secretary Suddenly Appears in Washington and Gives Out Carefully Prepared Article Accusing the Former President of Preventing Suit Being Filed Against Farm Machinery Combine.

Washington, May 18.—President Taft's secretary, Charles D. Hilles, appeared unannounced in Washington and at the White House gave out a statement concerning the delay in the prosecution of the International Harvester company during President Roosevelt's administration in 1907. It was not known here that Mr. Hilles had left President Taft's party in Ohio.

"I have come to Washington to get United States Attorney Townsend's statement in reference to the harvester trust," says the statement. Townsend was, in 1907, one of the attorneys in the department of justice and had made an investigation of charges against the International Harvester company.

"It shows conclusively," the statement continues, "that President Roosevelt compelled his attorney general to discontinue the harvester prosecution in the fall of 1907, eighteen months prior to the colonel's retirement from office."

"President Roosevelt's term expired two years after the matter had been placed in the hands of the prosecuting officer as the result of an investigation. It is quite apparent from the record that civil and criminal proceedings were about to begin that about a year and a half before President Roosevelt went out of office George W. Perkins took a hand in matters; and that in a remarkably short time thereafter the whole matter was suppressed, stifled, strangled or put through some other process which, by whatever name you call it, I have no doubt was quite satisfactory to the harvester trust. If anybody was responsible for it besides President Roosevelt and officials acting under his instructions it does not appear from the record."

"Mr. Townsend began his inquiry in the spring of 1906. On Feb. 21, 1907, Mr. Bonaparte transmitted Townsend's report to United States District Attorney Sims at Chicago, instructing him to take up the matter with a view to the institution of criminal prosecution against the individuals and corporations implicated, Mr. Townsend having recommended prosecution."

Delay Caused Complaint.

"Sims wrote that if the report 'proves to be correct it is my judgment that civil proceedings can be successfully maintained against the harvester trust,' and that probably evidence could be secured to convict the corporation and possibly a number of the individuals concerned. There was delay, of which Senator Hansbrough complained to President Roosevelt, and Mr. Bonaparte wrote to the senator that the case would receive immediate attention. An effort was made on the one hand to proceed with the prosecution; on the other hand, to secure delay through a protracted investigation by the bureau of corporations."

"In his written statement Townsend says that in the spring of 1908 he was abruptly ordered to the Pacific coast to begin another investigation and was therefore compelled to drop the harvester matter. He says: 'Attorney General Bonaparte told me the reason why I had not been authorized to institute the harvester trust suits. Shortly after I left Washington, in the spring of 1907, the harvester trust people in some way learned of my report and asked permission of Attorney General Bonaparte to file a written statement by way of defense. Mr. Bonaparte considered this statement not only insufficient by way of defense, but as a direct admission of all the essential facts, showing a violation of the anti-trust law.'

"Shortly afterward Mr. Perkins called upon Mr. Bonaparte, in company with Herbert Knox Smith and I think Cyrus H. McCormick. They requested Mr. Bonaparte to accompany them on a visit to President Roosevelt for the purpose of persuading the president to refrain from prosecuting the harvester trust. Mr. Bonaparte refused to do so, upon the ground that the written statement filed by the harvester trust was in effect a confession of a violation of the law, and therefore he (Mr. Bonaparte) would not stultify himself by temporizing with the subject in any manner. Thereafter Mr. Perkins and Mr. Smith—and I think Mr. McCormick—went out and interviewed President Roosevelt and succeeded in persuading him not to prosecute the harvester trust, and shortly thereafter President Roosevelt instructed Attorney General Bonaparte not to take action."

LA FOLLETTE SEES VICTORY

Declares He's Likeliest Nominee of Party at Chicago.

Bowling Green, O., May 18.—Speaking to a large crowd here Senator La Follette declared he held the key to the presidential nomination at Chicago. He said past history indicates the Republican party never would nominate two men so near together in the race as Roosevelt and Taft and he was the likeliest nominee of the party.

OHIO IS TURNING
POINT IN CAMPAIGN

Necessary for President Taft to Carry Native State.

Washington, May 18.—It may be stated on high authority that powerful leaders in the Republican party have informed President Taft that if he fails to carry Ohio he must expect to lose a considerable part of his present following. An influential member of the Republican national committee, who is now in the city, made the statement that if Colonel Roosevelt wins in the president's state Mr. Taft will thereafter receive little or no consideration as a presidential candidate.

Leaders are in accord in the view that the crisis has arrived for the president. If he wins in Ohio his friends say he still will have a good fighting chance. On the other hand, if Ohio repudiates him, the impression is general that, by the time the convention rolls around, there will be few delegates under the Taft standard. That the president's followers keenly realize their desperate straits was manifest in the hurried trip of Secretary Hilles to Washington, where he added another chapter to the Taft-Roosevelt controversy over the harvester trust.

Director McKinley of the Taft bureau, in a statement just made public, claimed 552 delegates for the president.

ASK ABOUT COLONEL'S FUND

La Follette Will Demand Statement Concerning Sources.

Chicago, May 18.—Senator Robert M. La Follette of Wisconsin arrived here on his way from California and stopped long enough to declare he was headed for Ohio to take part in the primary campaign.

Senator La Follette, it is declared, is determined to call on Colonel Roosevelt to publish a list of contributors to his campaign funds. Reports have reached the Wisconsin senator that a \$1,000,000 fund, largely contributed by George W. Perkins, E. H. Gary and Dan R. Hanna, is furnishing the money for the Roosevelt campaign and he desires to have an authoritative statement as to the source of the money being spent.

COMMISSION PLAN IS LEGAL

Minnesota Supreme Court Passes on City Government.

St. Paul, May 18.—A commission form of city government, such as in force in Mankato and as adopted by St. Paul to go into effect two years hence, is permitted by the state constitution and may be framed as a home rule charter under a law passed in 1909, especially authorizing such a form, according to a decision of the supreme court.

The question was submitted under a special proceeding by George T. Simpson, former attorney general, to test the constitutionality of the Mankato charter.

Good Luck For Turtles at Least.

The Chinese have a peculiar custom with regard to turtles, which they consider as very good joss. Almost any day one can see these creatures, some of them of huge size, being carried on board the river steamers, not to be taken to Canton for culinary purposes, but to be dumped into the sea and restored to liberty and freedom. Good luck is thought to follow.

THE NOMINEES
ARE IN DOUBT

Who Will Be Presidential Candidates Cannot Be Foretold.

EVERYBODY TALKING POLITICS.

Why This Year's Contest Is So Exciting—Harmen's Friends Anxious For Him to Get Started in the Race. Senator Ashurst Not Backward About Expressing His Views.

By ARTHUR W. DUNN.

Washington, May 18.—[Special.]—Increasing interest in presidential politics is due to the fact that no one can say who will be nominated by either party until the ballot is taken. Four years ago everybody knew months before the delegates assembled at Chicago that Taft was to be named by the Republicans and that Bryan was to be named at Denver by the Democrats. There was a little interest in the vice presidential nominations and the platform, but that interest is of small moment compared to the situation when the heads of the tickets are in doubt.

Everybody is talking politics. You cannot buy a tie or a collar button in a haberdashery that you are not asked about the presidential situation. Taft and Roosevelt, Bryan, Clark, Wilson and Underwood are discussed at every point of meeting between men and also among women. Four years ago there was more interest in the baseball situation than in the presidential situation. It is because of the doubt and uncertainty, of the red hot fight that is being waged and the personality of the men who are in the contest.

Want Harmon to Start.

There are many friends of Governor Harmon who are pained because his boom has not shown much life. A few months ago there was talk of Champ Clark as the compromise candidate. It was figured out that Harmon and Wilson would be running neck and neck away in the lead and that Clark would get votes from both and be nominated. How the situation has changed! For a long time it has been known that Clark was apparently leading in the Democratic race. "Why doesn't Harmon get started and carry a state?" asked Senator Chilton of West Virginia in pleading tones. And many others no doubt echo "Why?"

Scorned Lunch Hour.

The senate struggled for a long time to keep the daily hour of meeting at 2 o'clock so that the daily sessions would not interfere with luncheon. When pressure for time made it necessary to resume the hour of 12 o'clock an effort was made to secure a recess of half an hour for lunch, but it was scorned. The elder statesmen simply would not have it. Senators who go to luncheon are likely to be called back to make a quorum if there happens to be a disposition to be disagreeable on the part of any senator.

Ashurst Not Waiting.

The new Arizona senator does not propose to wait until he has served a session before expressing his views. He comes right forward with them. He wants big game, too, for he flung a little deft at Senator Root the other day, talking about railroad attorneys in a tone and in language that could not be misunderstood. The New York senator was not present, but the deft remains if he wants to join issues with the Arizona man at any time. Ashurst would rather welcome a running debate with Root.

"Two Wise Men."

Chairman Fitzgerald of the appropriations committee was explaining how the president had acted, perhaps without authority, in regard to the Mississippi floods and how the appropriations committee had acted in the same way. "As practical men," remarked Sherman of Kentucky, "we dealt with the matter in a practical way." This was supplemented by Fitzgerald, who said the executive and legislative branches were in accord.

"Both gentlemen (the president and Fitzgerald) acted wisely," as usual, commented Jim Mann.

More Extravagance.

Congressman Heflin discovered waste and extravagance the other day and told the house about it. "They went to Persia and bought a rug for \$320," he said, following it up with statements that other rugs cost \$188 and \$147. Then he turned it on the Republicans by saying that these officials of the government made so much pretense that they were for the American workingmen, yet they went abroad for rugs and paid extravagant prices. More than that, they were buying silver buckie hame straps. "What," cried Heflin, "do you think the farmer who uses iron and steel buckles, for which you tax him \$10 on every \$25 worth, will think of that?"

It might be remarked that a great deal of luxury and high priced articles can be found in the house of representatives and house office building.

Oklahoma Cultivation.

Senator Owen knows that there is a fight on in Oklahoma to beat him for the senate. "My opponent is making three or more speeches every day," he said.

"But you are looking out for yourself?" he was asked. "I have cultivated the field assiduously," he replied, "and have not neglected anything."

Federal Advance on Juarez.

El Paso, Tex., May 18.—A federal column of 250 men is advancing on Juarez.

SENATOR ROOT.

May Be Temporary Chairman of the Republican Convention.

FOR TEMPORARY CHAIRMAN

Republican Committee to Consider Root, Deneen and Fairbanks.

Chicago, May 18.—The subcommittee of arrangements for the national Republican convention arrived in Chicago to select a temporary chairman for the convention. Despite the suggestion of a number of names for the office certain members of the committee intimated that the probable choice would be a man whose name had not been listed as a possibility up to this time.

In addition to the names already suggested, including Elihu Root and Governor Charles S. Deneen of Illinois, the name of former Vice President Charles W. Fairbanks was broached as a possible recipient of the honor.

DEBS AGAIN HEADS
SOCIALIST TICKET

Emil Seidel of Milwaukee Is His Running Mate.

Indianapolis, May 18.—Eugene Victor Debs of Terre Haute, Ind., was nominated as a candidate for the presidency of the United States by the national Socialists' convention.

Emil Seidel, former mayor of Milwaukee, was named for the vice presidential nomination.

Mr. Debs was not in the hall when the result of the ballot was announced, but Mr. Seidel in a few words thanked the delegates and promised that he would make the campaign "as lively as the capitalist parties had ever seen."

Mr. Debs was opposed for the presidential nomination by Mr. Seidel and Charles Edward Russell of New York. After the result of the first ballot, which was Debs 165, Seidel 56 and Russell 54, had been given out Mr. Seidel moved that the nomination be made unanimous and it was seconded by Mr. Russell.

Many candidates, including Kate Richards O'Hare of St. Louis and Anna Agnes Mahley of Seattle, were named for the second place, but only three, Mr. Seidel, John W. Slayton, Pennsylvania, and Dan Hogan, Arkansas, remained to be voted upon.

John Harriman of California and Duncan McDonald of Illinois were nominated for the presidency, but declined to let their names stand.

Under the rules of the convention, no nominating speeches were allowed.

INDICTS CHICAGO P'CKERS

Grand Jury Alleges Shipping of Unspectated Meat.

Chicago, May 18.—Armour & Co. was indicted by the federal grand jury for criminal violation of the United States meat inspection laws, for illegal interstate shipment of meats without inspection by government agents. The indictments were returned before United States District Judge Landis.

The indictment charges that the packing firm made a shipment of calves to South Bend, Ind., without the meat being inspected and stamped by inspectors of the bureau of animal industry under the federal laws and in evasion of the usual process required by the meat shipment regulations.

The shipment was made March 13 last and the indictment contains four counts. The maximum penalty for such violations as are charged is imprisonment for two years or a fine of \$10,000, or both.

TO PROBATE ASTOR WILL

No Opposition to Testament Disposing of Vast Estate.

New York, May 18.—The will of Colonel John Jacob Astor is ready to be offered for probate, special guardians having been already appointed for Mrs. John Jacob Astor, the widow, and Colonel Astor's two children, Vincent and Muriel.

Unless one of the special guardians is prevented from being on hand the document will be admitted without protest.

There were no indications of any contest being made of the will, which disposes of an estate estimated at from \$75,000,000 to \$100,000,000.

RICHESON RAVING MANIAC

Condemned Minister Has Violent Spell in Death Cell.

Boston, May 18.—Clarence V. T. Richeson was stricken with an attack of hysterical delirium in the death chamber of the Charlestown state prison while being visited by Prison Chaplain Stebbins and his counsel, William A. Morse. Twitching and clawing the condemned man rolled and tossed from side to side of his bed, raving about two men who, he cried out, were "watching and following" him. The attack was marked by spells of groaning and moaning, after which the prisoner would lapse into intervals of unconsciousness. Then he would revive and continue his ravings.

The prison physician, who was summoned, could not be reached and Dr. Frederick T. Lyons of Charlestown was called. He administered sedatives which tended to quiet the patient.

IMMENSE BENEFIT TO STATE

Minnesota Supreme Court Holds Good Road Law Valid.

Minneapolis, May 18.—State roads to the value of \$6,700,000 may be built at once without adding a dollar to county or state taxes, declared Senator J. T. Ellwell, as the result of a decision of the Minnesota supreme court holding the Ellwell good roads law constitutional.

"The decision is worth ten extra sessions," said Senator Ellwell. "We may now go ahead and anticipate road funds for ten years. It has been calculated that good roads can be built under this law at an average cost in Northern Minnesota of \$112 a year for each quarter section of land benefited. I believe it will double the value of Northern Minnesota land immediately."

Massachusetts First to Act.

Boston, May 18.—The house of representatives of the state legislature by unanimous vote adopted the Bristow amendment to the federal Constitution providing for the direct election of United States senators.

President Declares He Is Being Misrepresented.

LARGE AUDIENCE AT TOLEDO

Chief Executive Makes One of the Most Bitter and Plain Spoken Addresses Since He Began to Answer the Charges of Colonel Roosevelt and Use Some Hot Shot of His Own.

Toledo, O., May 18.—"I've got tired being lied about and held up to the country as having violated every rule of conduct when I am not conscious that I have violated any," shouted President Taft here in the course of a speech to a crowd that filled every available seat and blocked the aisles at the Toledo Auditorium.

Mr. Taft's speech was one of the most bitter and one of the most plain spoken that he has made since he began to answer the charges of Colonel Theodore Roosevelt and to use hot shot of his own.

The president charged that Walter Brown of Toledo, one of the Roosevelt leaders here, had ceased to be a Taft supporter because the president refused to accept his recommendation for judicial appointments. He declared that the opposition to him on the part of Dan Hanna of Cleveland came as a consequence of indictments against Mr. Hanna by the Taft department of justice.

The president reached Toledo more than two hours late and many of the crowd in the Auditorium had been waiting far longer to see and hear him. After he entered the hall hundreds of persons remained outside unable to gain entrance and besieged the police. When the doors finally were thrown open again and those who wished went in they made so much noise that Mr. Taft had to stop speaking for more than five minutes. His appeal to the crowd for a square deal and his attacks on Mr. Roosevelt were cheered in emphatic fashion.

It was the most demonstrative gathering Mr. Taft has addressed on his present trip.

Catches Fancy of Hearers.

The president's unusual bitterness toward Mr. Roosevelt was apparent from the first. He launched immediately into accusations of unfairness upon the part of his predecessor that caught the fancy of his hearers and brought forth many bursts of cheering and handclapping.

"The memory of the names Mr. Roosevelt called me," said the president, "still lingers in my ears. Since the time he began his personal attacks on me he has used all the epithets he could think of and all the names in the calendar, such as no president has ever been subjected to by a man who has had two terms in that office."

Mr. Taft called the tariff views of Mr. Roosevelt ridiculous and labelled his "scheme" for a tariff that would make a division of profits between the laborer and the employer "catch penny phrases."

Coming to Ohio and to Walter Brown the president said:

"I have had Walter Brown's support in the past and it was effective, but Walter Brown and I differ about judicial appointments and I thought I knew more about them than he did."

"Mr. Dan Hanna was indicted under the rebate law and after that date the Cleveland Leader and all his papers have turned against me."

"It little lies in Mr. Roosevelt's mouth to say that I am tied up with the interests when the evidence that has been brought out in the harvester and steel trust cases and also right in Ohio shows where he stands."

"What I am afraid of," said the president, "is the danger that you and the whole country will be blurred in your vision of the true issues by Mr. Roosevelt's attacks on me and that men will go on voting for Mr. Roosevelt because they believe what he says of me and forget the danger that lies in putting him in the White House for a third term."

He brought in the names of Mr. Brown and Mr. Hanna in practically every one of fourteen speeches during the day.

Boy Kills Himself With Rifle.

Livingston, Mont., May 18.—While playing with a small rifle which he took from his fathers room Robert Burns, the seven-year-old son of Mr. and Mrs. Elmer Burns, shot and killed himself in Daileys, near this city. The bullet tore a hole in the boy's head and he was dead when Mrs. Burns, hearing the shot, rushed to his side.

DARROW QUESTIONS JURORS

Takes First Active Part in His Own Trial.

Los Angeles, May 18.—The active participation of Clarence S. Darrow, lawyer and author, in his own trial for alleged jury bribery has begun. It was after seven jurors had been accepted finally by both sides that Mr. Darrow took charge of the examination and questioned the men as to their qualifications to determine his guilt or innocence.

When adjournment was taken five more prospective jurors had been passed tentatively and the exercise of further peremptory challenges was postponed.

It is asserted by men who claim to know that if the democracy of Minnesota were allowed a preferential ballot on choice for president that William Jennings Bryan would walk off with a plurality vote and that this would be placed in the Bryan column. Even as it is Lyon county at the late convention declared for Bryan as the first choice of its people for the democratic nomination.

The Long Prairie Leader editor says he took advantage of the two cent rate made by the railroads during convention week and rode over to Brainerd "while the rest of you suckers have to pay three cents or walk." And then Rudolph asks "wonder why the railroads made the two cent rate to the politicians of the state?" The politicians who took advantage of the rate should be the ones best able to tell.

Minnesota is being flooded with literature intended to enlighten and influence the democracy of this state regarding the Champ Clark candidacy for the presidential nomination and next week Charles A. Towne, once congressional candidate from Duluth, will be sent here from New York and will make several speeches in Speaker Clark's behalf. Towne is known as the silver tongued orator and will be remembered by many in Brainerd where he delivered several addresses.

The state legislature will be called together in extraordinary session on June 4th for the purpose of enacting a statewide direct primary for the purpose of the nomination of all of-

ficials, a stringent and efficient corrupt practice law and a reapportionment law. The resolution passed by the recent republican state convention favoring a state primary law has decided Gov. Eberhart in the matter and the other legislation will be taken up at the same time. If the law is passed it will become effective in time to nominate a republican candidate for governor under its provisions, instead of the old system of caucuses delegates, and in the future the people will vote direct for governor and other state officers.

The decision of Gov. Eberhart to call the legislature together in extraordinary session came as a surprise to the people of the state and the expediency of the extra session at this time is being discussed in every locality. A state wide primary is desirable and has been advocated by the Dispatch in order that the nomination of all officers of the state and counties come under the same rule, but whether at this late day the occasion warrants the extra session is debatable. A primary law that will be satisfactory to the people and will safeguard the rights of the voters must necessarily take some time to consider and the date of the extra session is but two weeks in advance of the call. If the people of Minnesota are to be given this law a demand will be made that they be given a good, sound, sensible law, not like the primary law now in force where the voters of one party can step in and dictate the candidate of another party for the purposes of nominating a weak man at the polls who can be easily beaten when the election day arrives. As far as reapportionment is concerned unless there has been a change of heart the men who defeated the measure in the last legislature will do the same thing at the special session. There is no reason to imagine that they will take any other view of it no matter how much Northern Minnesota is discriminated against or how unequal or unjust the representation is. Politics should be eliminated when it comes to convening the legislature in extra session and the circumstances at this late day it would have been fully as well to have waited for these reforms until the regular session of the legislature is convened.

THE BEST TIME FOR PLANTING

A. J. McGuire, Supt. of Grand Rapids Experimental Farm, Gives Out Bulletin Covering

POTATOES, FODDER CORN, ROOTS

These Are More Important to the Farmer of a Few Acres Than the Grain Crops

"From May 20 to June 1st is the best time to plant potatoes, root crops and fodder corn in Northwestern Minnesota," says A. J. McGuire, superintendent of the Northeast Experimental farm, Grand Rapids. "Planting may be continued well into June but the results are not so satisfactory. When necessary, fodder corn may be planted as late as July 1st and a fair crop secured if the season is favorable."

"A clover sod is the best for the potato, root and corn crop. It should be plowed from six to eight inches deep and disked thoroughly. Land that has been in time hay for a number of years should be broken up and planted to some of these crops this spring. Old hays land produced less than a ton of hay to the acre in 1911. The same kind of land broken up and put into fodder corn yielded as high as five tons of cured fodder per acre. Fodder corn is splendid feed for dairy cows and by growing it on the old land, it not only produces more feed but it puts the ground in good condition for a grain crop next year."

"Roots produced from twelve to eighteen tons per acre and roots can be made to take the place of expensive mill feed for dairy cows in this section of the state. The old hay land can be made to produce five times the feed in fodder corn and roots that it will produce in hay."

"Potatoes planted on sod land are less subject to scab and produce a larger yield. If the potato seed is scabby the scab can be killed soaking the seed before cutting for three hours in a barrel of water in which is mixed one quart of formaldehyde. This can be bought at any drug store."

"All manure about the barn yard should be gotten out on the potato, corn and root ground. If time will not permit getting it out before plowing it may be applied as a top dressing after the crop is in. In this case it should be applied evenly and t'wice. Manure for the above named crops is worth \$1.50 a ton when applied on the fields in good condition. Left in piles around the buildings through the summer it loses most of its value."

"Potatoes, fodder corn and roots are more important to the farmer of a few acres than the grain crops."

HOW MURDER WAS DONE

Tony Schiter Makes a Confession of the Murder of Mrs. F. J. Page, of Rail Prairie Twp.

The Little Falls Transcript describes in detail the confession made by Tony Schiter who killed Mrs. F. J. Page, of Rail Prairie township. It was for her money that the crime had been committed. The prisoner went on to explain that he met the woman on the road. He threw his right arm about her shoulders from the left side and reaching around with the left hand cut her throat on the right side while she was standing.

He searched her clothing for money but could not find any. He explained to the sheriff that after the stabbing he threw the knife in a notherly direction about thirty feet. This would be on the opposite side of the road from where the body was found and in a clump of brush. A search has been instituted for the knife.

Schiter said that a Rail Prairie man had told him that Mrs. Page always carried money and that he had left Pillager that morning with the one idea in mind of getting it. The murder was premeditated and carried out according to planning which the prisoner had been doing for days before.

After the crime he immediately returned to the vicinity of Pillager and the next morning went into town, cashed a small check which he had received for work on the Crow Wing dam and started for the Iron range country.

In answer to questions the prisoner admitted that the woman was assaulted after he found she had no money and after death had taken place.

The confessed murderer was taken from his cell Thursday morning and photographed while standing on the steps of the jail. He is a tall man, well proportioned and evidently of a muscular and wiry build.

Schiter does not express any sorrow for the deed but appears to have a grudge against the man who told him that the woman had money. He readily admits the crime to anyone asking him if he is guilty.

No little excitement was caused when the fact became known that the man had confessed and there was some talk among a few of a lynching bee, but it is not thought probable that any trouble will be experienced.

This event on May 23 promises to be well patronized as the committees the officers and the members of the order are bending every energy to make it successful.

CROW WING FOR CHAMP CLARK

Senator C. D. Johnson Believes the County's Delegation Will be For Clark

COUNTY CONVENTION MAY 29TH

Con O'Brien, According to Prevailing Sentiment, to be Delegate to National Convention

The county convention of the democrats is set for Wednesday, May 29 and will be called to convene in the court house on the afternoon of that day. Much speculation is being indulged in as to which democratic candidate for president this delegation will endorse.

Col. C. D. Johnson, the democratic senator of this district, predicts a Clark delegation.

Con O'Brien, the well known merchant who is heavily interested in real estate and ore lands in this county, is being favorably mentioned as a delegate to the national convention at Baltimore and on Friday was endorsed by National Committeeman I. B. Lynch, of St. Paul, who in a short interview on the political situation, said he knew of no man better fitted for the honor than Mr. O'Brien.

As to national politics and the preference Mr. Lynch might have in the way of a presidential candidate, the democratic leader of Minnesota had not a word to say. He referred to the special session of Governor Eberhart and hoped the gross earnings tax would also be brought up for consideration.

Mr. Lynch motored out to his summer home at Gull lake near Brainerd which, by the way, is becoming as famous as Oyster Bay, for in days past his broad veranda entertained James Gray, Senator C. D. Johnson, Frank Day, Alderman James M. Elder and other democratic celebrities.

GOVERNOR CALLS EXTRA SESSION

Special to Dispatch:

St. Paul, May 18—Refusing to listen to all suggestions of a compromise that would head off an extra session, Governor Eberhart this morning issued a proclamation calling the thirty seventh legislature in extraordinary session on June 4. The proclamation, which is brief, confines the purpose of the session to the enactment for state wide direct primary law applicable to all state officers, with an effective corrupt practices act and reapportionment law.

PRESBYTERIAN CONCERT

Church Choir Presents a Musical, Vocal and Literary Program at Elk's Hall Friday Night

A musical program, vocal and instrumental, and two literary numbers in the form of readings, will be presented under the auspices of the Presbyterian choir in Elk's hall next Friday evening.

The most attractive feature of this program, other than its real merit, is the variety among the numbers. The vocal parts include solos, trio, baritone and soprano; a ladies' tenor and men's quartette. Among the instrumental numbers, the magnificent Arensky suite, a duet for two pianos, will be repeated for the pleasure of a number of music lovers who have expressed the desire to hear it again. Other instrumental numbers will be played upon the cello, the violin and the cornet.

The choir itself will take place in presenting several choruses, of training under the direction of Mrs. Ludwig. Many friends remember the beautiful Easter cantata given one year ago. Also the splendid chorus "Jehovah's Praise" given this Easter, and which will be repeated by request at this recital.

Watch for the full program in next week's issue of this paper. Tickets for sale at Louis Hohman's and John Carlson's.

NEW BILLIARD PARLORS

Gus George & Co. Buy Out Al LaLonde of the Wise and Cohen Building, 624 Front St.

Gus George & Co. have bought out Al LaLonde, 624 Front street, and are remodeling and repainting the place. The firm will manage the billiard and pool parlors and will also handle a good line of cigars, tobaccos and smokers' articles. The building has been leased from R. R. Wise and Henry I. Cohen for a term of three years.

The establishment will also maintain a hat cleaning and renovating department conducted by experts and during the straw hat season this branch will be especially active.

A section of the room will be devoted to the shoe shining parlor. The steps leading to the chairs are of marble and represent an investment of \$250 alone for this feature. Five chairs will be maintained and any one can get a shine without having to wait very long.

The members of the firm were originally Duluth men. They were pleased with the advantages which Brainerd has to offer and were especially impressed with the iron developments in and about Brainerd, all tending to further growth and expansion of the city they had chosen for their business establishment. These men are all acquainted with the growth of the Mesabe and the northern ranges and believe that Brainerd has a greater future than Hibbing, Virginia or any other north range city.

Johnson-Atwood

A pretty wedding was solemnized last evening by Rev. W. J. Lowrie at the home of Mr. and Mrs. Louis Garrison, when Gertrude M. Atwood became the bride of Fred F. Johnson. Both of the contracting parties are residents of Cross Lake. The bride is the daughter of Fred P. Atwood, of that place.

Mr. Johnson is a practical farmer, being for a number of years the superintendent of the farm at the Iowa state industrial school. The bride has lived in this county for the past few years and is well known to many in this city. A number of her friends were in attendance at the wedding.

Mr. and Mrs. Johnson will make their future home on their farm at Cross Lake. All unite in wishing them prosperity and happiness throughout their married life.

MUSIC AND DRAMA

Albini-Avolo Aggregation

The great Albini-Avolo aggregation of world-famed stars will appear at the Brainerd opera house for two nights, commencing Monday, May 20.

After playing eighteen months in all the leading theatres in New York City without losing a day, the Great Albini commences a starring tour over the John Cort circuit of theatres to the Pacific coast and return. To support him the management has secured a number of vaudeville acts of such unusually high quality that the organization can justly be claimed as the best that has ever toured. Al-

Bob Fitzsimmons Coming

The Grand Old Man of the Ring, the world's greatest prize fighter, Bob Fitzsimmons, is announced to appear at the Brainerd opera house Wednesday, May 22, in a sensational four act drama by Hal Reid, "A Fight For Love." He is ably supported by Miss Maybelle Byrnes and an excellent cast. Miss Byrnes will wear her famous diamond dress and several gorgeous gowns during the performance which will prove a revelation to the lady patrons.

NO CASCARET USER EVER HAS HEADACHE

A 10 Cent Box Will Keep Your Liver, Stomach and Bowels Clean, Pure and Fresh for Months

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative waters force a passageway for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means inside cleanliness and a clear head for months. Ask any of the millions of Cascaret users if they have headache.

Members of the Junior Choir of St. Francis Catholic Church Visit Gilbert Lake

The members of the junior choir of St. Francis Catholic church enjoyed a day's outing at Gilbert lake on Thursday. The choir sang high mass at ten o'clock in the morning and soon after services were off in two large tallyhoes, a merry band of picnickers. The day was perfect. Boat- ing was enjoyed during the greater part of the afternoon. A gorgeous and delicious lunch was served.

All are indebted to J. W. Koop and V. H. Cleary who tendered the conveyances which enabled the choir to reach the grounds. The party was chaperoned by Rev. Father J. J. O'Mahoney and Rev. Father John Crean. Sisters Ursula, Mildred and Behrmens were on the entertaining committee.

THE BEST TIME FOR PLANTING

A. J. McGuire, Supt. of Grand Rapids Experimental Farm, Gives Out Bulletin Covering

POTATOES, FODDER CORN, ROOTS

These Are More Important to the Farmer of a Few Acres Than the Grain Crops

"From May 20 to June 1st is the best time to plant potatoes, root crops and fodder corn in Northwestern Minnesota," says A. J. McGuire, superintendent of the Northeast Experimental farm, Grand Rapids. "Planting may be continued well into June but the results are not so satisfactory. When necessary, fodder corn may be planted as late as July 1st and a fair crop secured if the season is favorable."

"A clover sod is the best for the potato, root and corn crop. It should be plowed from six to eight inches deep and disked thoroughly. Land that has been in tame hay for a number of years should be broken up and planted to some of these crops this spring. Old hay land produced less than a ton of hay to the acre in 1911. The same kind of land broken up and put into fodder corn yielded as high as five tons of cured fodder per acre. Fodder corn is splendid feed for dairy cows and by growing it on the old land, it not only produces more feed but it puts the ground in good condition for a grain crop next year."

"Roots produced from twelve to eighteen tons per acre and roots can be made to take the place of expensive mill feed for dairy cows in this section of the state. The old hay land can be made to produce five times the feed in fodder corn and roots that it will produce in hay."

"Potatoes planted on sod land are less subject to scab and produce a larger yield. If the potato seed is scabby the scab can be killed soaking the seed before cutting for three hours in a barrel of water in which is mixed one quart of formaldehyde. This can be bought at any drug store."

"All manure about the barn yard should be gotten out on the potato, corn and root ground. If time will not permit getting it out before plowing it may be applied as a top dressing after the crop is in. In this case it should be applied evenly and thin. Manure for the above named crops is worth \$1.50 a ton when applied on the fields in good condition. Left in piles around the buildings through the summer it loses most of its value."

"Potatoes, fodder corn and roots are more important to the farmer of a few acres than the grain crops."

HOW MURDER WAS DONE

Tony Schiter Makes a Confession of the Murder of Mrs. F. J. Page, of Rail Prairie Twp.

The Little Falls Transcript describes in detail the confession made by Tony Schiter who killed Mrs. F. J. Page, of Rail Prairie township. It was for her money that the crime had been committed. The prisoner went on to explain that he met the woman on the road. He threw his right arm about her shoulders from the left side and reaching around with the left hand cut her throat on the right side while she was standing.

He searched her clothing for money but could not find any. He explained to the sheriff that after the stabbing he threw the knife in a notherly direction about thirty feet. This would be on the opposite side of the road from where the body was found and in a clump of brush. A search has been instituted for the knife. Schiter said that a Rail Prairie man had told him that Mrs. Page always carried money and that he had left Pillager that morning with the one idea in mind of getting it. The murder was premeditated and carried out according to planning which the prisoner had been doing for days before.

After the crime he immediately returned to the vicinity of Pillager and the next morning went into town, cashed a small check which he had received for work on the Crow Wing dam and started for the iron range country.

In answer to questions the prisoner admitted that the woman was assaulted after he found she had no money and after death had taken place.

The confessed murderer was taken from his cell Thursday morning and photographed while standing on the steps of the jail. He is a tall man, well proportioned and evidently of a muscular and wiry build.

Schiter does not express any sorrow for the deed but appears to have a grudge against the man who told him that the woman had money. He readily admits the crime to anyone asking him if he is guilty.

No little excitement was caused when the fact became known that the man had confessed and there was some talk among a few of a lynching bee, but it is not thought probable that any trouble will be experienced.

Senator C. D. Johnson Believes the County's Delegation Will be For Clark

COUNTY CONVENTION MAY 29TH

Con O'Brien, According to Prevailing Sentiment, to be Delegate to National Convention

The county convention of the democrats is set for Wednesday, May 29 and will be called to convene in the court house on the afternoon of that day. Much speculation is being indulged in as to which democratic candidate for president this delegation will endorse.

Col. C. D. Johnson, the democratic senator of this district, predicts a Clark delegation.

Con O'Brien, the well known merchant who is heavily interested in real estate and ore lands in this county, is being favorably mentioned as a delegate to the national convention at Baltimore and on Friday was endorsed by National Committeeman I. B. Lynch, of St. Paul, who in a short interview on the political situation, said he knew of no man better fitted for the honor than Mr. O'Brien.

As to national politics and the preference Mr. Lynch might have in the way of a presidential candidate, the democratic leader of Minnesota had not a word to say. He referred to the special session of Governor Eberhart and hoped the gross earnings tax would also be brought up for consideration.

Mr. Lynch motored out to his summer home at Gull Lake near Brainerd which, by the way, is becoming as famous as Oyster Bay, for in days past its broad veranda entertained James Gray, Senator C. D. Johnson, Frank Day, Alderman James M. Elder and other democratic celebrities.

DANGER IN DELAY

Kidney Diseases are Too Dangerous For Brainerd People to Neglect

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and Bright's disease often follow in merciless succession. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in this locality.

Mrs. Hattie Wandrie, Crosby, Minn., says: "For the past two or three years I suffered a great deal from pains through the small of my back and sides. I was also subject to headaches and my whole system seemed to be disordered. The kidney secretions were unnatural and caused me much annoyance. I finally procured a supply of Doan's Kidney Pills and in a short time after beginning their use, I felt better in every way. Doan's Kidney Pills have my highest endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

EVERGREEN CEMETERY

To the Lot Owners: The committee on grounds desire to inform the lot owners, that in order to have your lot cared for by the association, it will be necessary to list the same with Milton McFadden, secretary. Last year the sum of \$221.00 was taken in for the care of lots, and the sum of \$653.00 paid out for the same purpose. You can readily see that it is impossible to keep this up and make any permanent improvements.

The care of lots must be paid for in advance. Those wishing to care for their own lots, kindly notify the superintendent on the grounds, that we may reduce our help to meet the existing circumstances.
